610 Traditional Plaza FW

Drawing not to scale

Please Note

This unit is without axles and wheels. It is transportable by a flatbed trailer (not included) and maneuvered into place by fork truck(s). It is not designed as a permanent building as it is built to codes specific to portable structures. If use as a permanent building is planned, please consult local authorities to determine conformity to codes applicable for such use.

Available Options

Hot Water System	
Heat Package – Electric baseboard heaters only	
Cold Weather Package – Includes the heat package, heat pads, and spray foam insulation // Good for temps down to 10° F	
Arctic Weather Package – Includes propane furnace, additional heat pads, and additional spray foam insulation // Good for temps down to -20° F // May need to add equipment room which adds 2 feet to the trailer length. Also adjusts other option prices due to increased length.
